

## ***BAKING CLUB!***

This afterschool club will introduce students to the world of baking. Each week we will focus on a single topic and create delicious treats that students will be able to take home. We will cover yeast breads, quick breads and various types of cookies. The structure of the class is as follows. Students will receive a brief lesson on the weekly topic while enjoying samples prepared by the Chef. They will then prep all needed ingredients for the day. Finally, students will bake what they've prepared during class. Classes are very beginner friendly and will not include the use of knives. Everything will be provided! Each student will receive a folder containing weekly recipes, measuring cups & spoons and an apron (which must be cleaned and worn to each class). Classes will be held from 3pm- 5pm on Thursdays.
